New Year, New Benefits

Welcome to 2025! A great way to start off the new year is by taking advantage of new benefits the Fund has to offer. In partnership with Marathon Health, all benefits-eligible PPO members can now access two wellness clinics that offer a range of high-quality health and wellness services near you. For more information, keep reading this special edition newsletter introducing the Marathon Health clinics, and learn how they can add value to your everyday life by providing you and your loved ones with the care you deserve.

Are You Free for a Visit?

The next time you have some availability in your schedule, make sure to drop by one of our two wellness clinics for quality health care in your community that doesn't require any out-of-pocket payment from you. Marathon Health provides two wellness clinics in the Las Vegas area, where you can receive confidential care and services for any of the following:

- Primary and preventive care
- Acute care
- Certain generic medications
- Lab services
- Mental health support
- And more

Same-day or next-day appointments are generally available, but you must book an appointment beforehand, even for acute care visits. To receive an enhanced health care experience and meet with providers who'll dedicate quality time determining the best care plan to fit your needs, go to **marathon.health** and select **Patient Login / Register** in the top right-hand corner to create your account.

Choose from one of the locations below when booking your appointment:

6275 Centennial Center Blvd., Suite 150
Las Vegas, NV 89149
702-757-1781

7399 South Jones Blvd., Suite 3
Las Vegas, NV 89139
702-757-1781

Scan the QR code to download the Marathon Health app via the App Store or Google Play for quick and easy access to your chosen wellness clinic when you're on the go. Log in to your patient portal to connect with your providers securely, request prescription refills, review your medical records, and more, all available 24/7 from the palm of your hand.

Prevent and Protect

A great way to kick off 2025 with a bang is by prioritizing your health and investing in preventive care at a Marathon Health clinic. With viral illnesses at their peak activity and your immune system at its weakest during the cooler months, the best way to protect your body is by taking preventive measures.

Preventive care involves a variety of services, which are now offered at both Marathon Health locations. And both locations focus on your overall wellness, including:

- Annual physicals
- Chronic condition management
- Women's and men's health
- Immunizations
- Screenings
- School and sports physicals

Getting preventive care is cost-efficient and helps assess your current health status, prevent diseases, and detect emerging health problems before they can develop into a worsening condition. The good news is—preventive care is covered, so you pay nothing when visiting a Marathon Health clinic to receive these services.

We are pleased to announce that Quest Diagnostics (Quest) and Laboratory Corporation of America (Labcorp) are now part of our in-network providers.

This means you can now access lab testing services at discounted rates, potentially saving up to 70% compared to hospital-based facilities and non-network labs. Find the nearest Quest facility by visiting questdiagnostics.com or calling **800-377-7220**. Find the nearest Labcorp facility by visiting labcorp.com or calling **888-522-2677**.

Reminder: Respiratory syncytial virus (RSV) cases have been on the rise! Discuss with a Marathon Health provider whether you are eligible for the RSV vaccination.
